Dear Denisionian,

The most important function of this Freshman Directory is that of showing you what your classmates look like. But we hope you will find that it serves an additional purpose. It can be a first step towards a unity that will build amongst you in your years at Denison.

We feel that it is important to introduce you right away to the wide range of activities that this community has to offer, in order to facilitate your transition into the college scene. There are many organizations that are looking for, and need, your support. So please, take a few moments and find the group that is best suited to you. Involve yourself! You've got four years: Make the best of them
